WORD FIND

Have a look at the word list by the magnifying glass. See how many you can find in the grid. The words go up, down, backwards, and diagonally. There are a few tricky ones and possibly some new words for you too but they're all related to our favourite thing- CHOCOLATE! Remember- you can always ask someone to help you if you get stuck.

WE LOVE CHOCOLATE!

Chocolate was used as currency (like money) during the time of the Aztecs and Mayans as far back in history as 1900BC.

See what you can find out about these interesting civilisations, and the early origins of cocoa beans, from which chocolate is made.

QUIZ TIME!

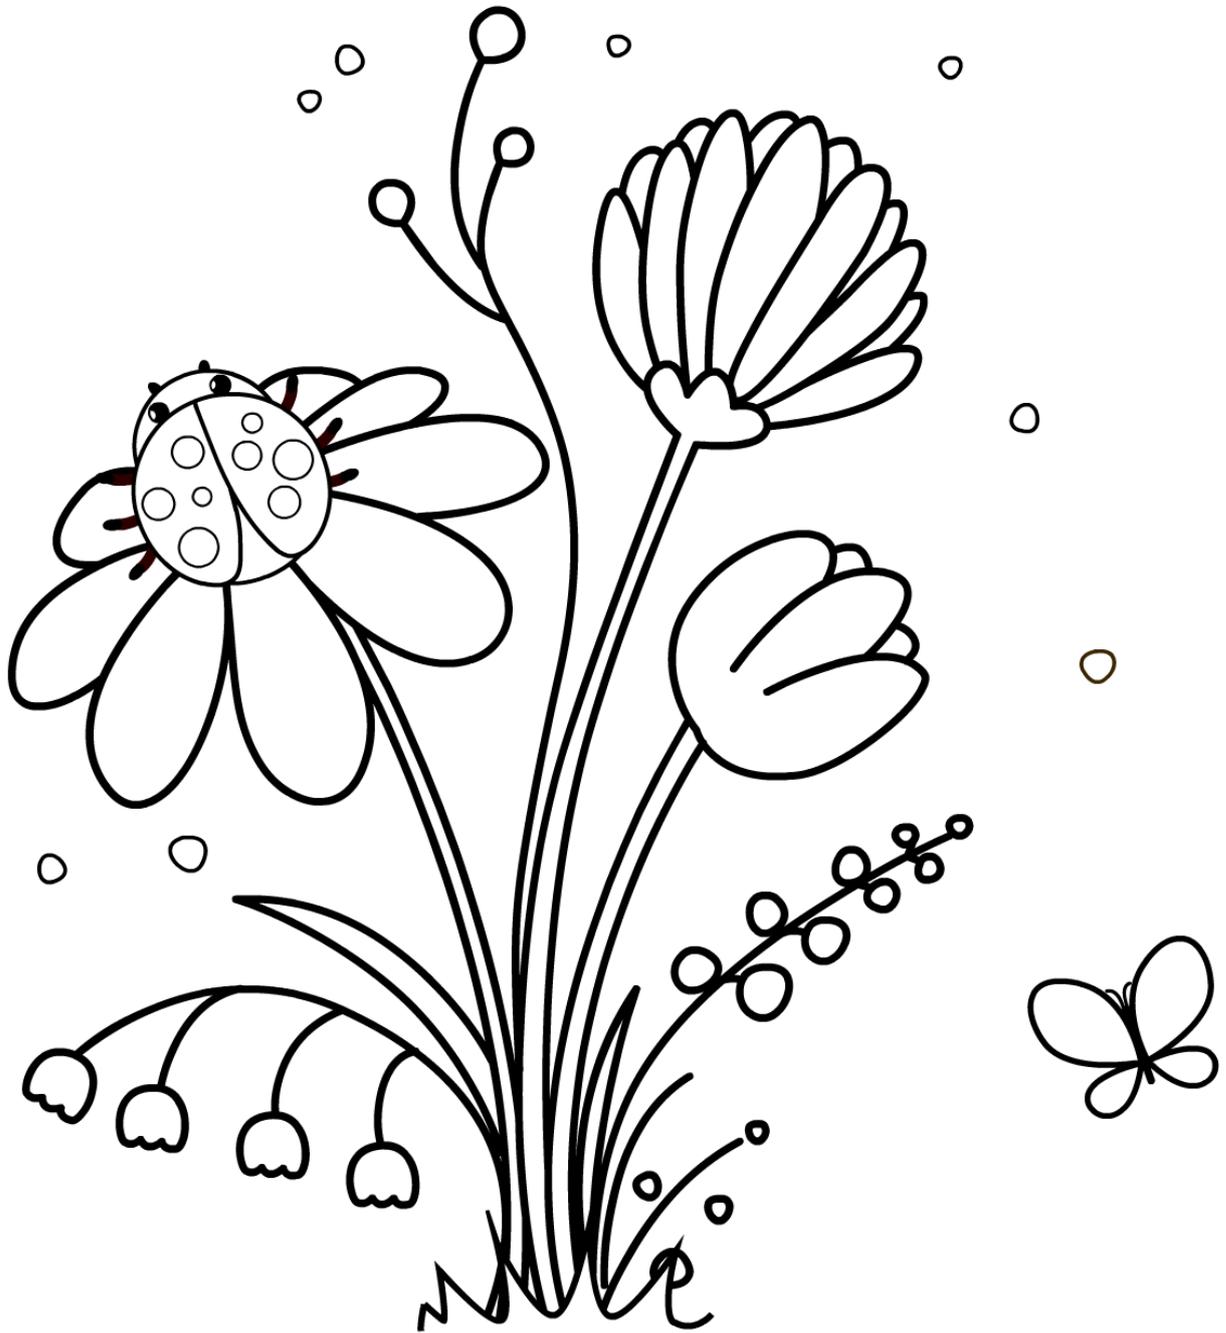

This is just for fun but you might be surprised to learn some new facts about chocolate!

1. Cocoa beans are found in the pods of the cacao tree. How many beans can be found in one pod?
2. How many cocoa beans does it take to make a kilo of chocolate?
3. When was the first *milk* chocolate bar made?
4. What type of climate is needed to grow cocoa beans?
5. What do we call someone who is a specialist in making chocolate treats?

Quiz answers: 1. One pod can contain between 30-50 beans; 2. It takes approximately 400 cocoa beans to make a kilo of chocolate, depending on type; 3. Milk chocolate was first made in Switzerland in 1875, by a man named Daniel Peter; 4. Cacao trees need a hot tropical climate to grow well; 5. A chocolatier.
